

Macedonia Gardens

Rent Comparables — Sourcing & Methodology Memo

Panama City, FL 32405 | Bay County | Prepared July 12, 2026

Overview

Macedonia Gardens is a 100-unit Section 8 project-based HUD property in Panama City, FL (Bay County), owned by Macedonia Apartments, LLC under HAP contract FL29M000124. As with Holiday Apts elsewhere in this portfolio, no RealPage rent roll was available; the user supplied the property's own HUD-92458 Rent Schedule and Exhibit A (both effective 12/01/2025), which serve as the authoritative source for unit mix and contract rent. Unit mix: 28 two-bedroom and 72 three-bedroom units. This sheet was built new — previously blocked because the only file in the property's folder was a cost-segregation workbook, not a rent roll or rent schedule.

1. Subject Property Benchmarks

Address: 1722 W 17th St, Panama City, FL 32405. This address does not appear on the Rent Schedule/Exhibit A documents themselves (which show no street address), but is corroborated by five independent aggregators (BBB, Apartments.com, PublicHousing.com, AffordableHousingOnline.com, ApartmentFinder) all citing the same address — reasonably convergent evidence, but **not independently confirmed against a government record** (Bay County Property Appraiser's parcel search and HUD's own Multifamily Assistance database are both interactive/form-driven and did not return results through automated research this session). Flagged, not treated as certain.

Ownership note (flagged for internal review, not resolved by this research): one aggregator (BBB) lists an alternate historical name for this property, "Macedonia Housing Authority, Inc." A separate Florida LLC, "Macedonia Panama City, LLC" (entity #L10000103570), is managed by Todd Menowitz — the same individual who signed Holiday Apts' HAP paperwork elsewhere in this portfolio. Whether "Macedonia Panama City, LLC" has any relationship to this specific property at 1722 W 17th St could not be determined from public web sources; recommend an internal Sunbiz.org filing-history or title/deed check if this needs to be resolved. This does not affect the comp set below (no comp candidate showed any connection to Menowitz-affiliated entities), but is noted here for completeness since it directly touches the subject's own ownership chain.

Actual rent (from the property's own HUD-92458 Rent Schedule, effective 12/01/2025): Section 8 project-based HAP contract rent per unit (Column 3 / "Contract Rent" -- a typo on HUD's own form for "Contract Rent"): 2BD \$1,451, 3BD \$1,613. A separate utility allowance (\$121 / \$143) is additive on top to produce gross rent (\$1,572 / \$1,756) — not used as the sheet's Actual figure, consistent with how contract rent has been used as "Actual" for every other Section 8 property in this workbook. Per the executed Rent Schedule's Part B, heating and hot water (gas) are included in rent; cooking is gas but marked as NOT included; electric (lights) is tenant-paid; water/sewer and trash removal and pest control are included services — marked "Partial" on the sheet's Utilities Included column.

HUD FY2026 Fair Market Rent (Panama City, FL HMFA, standard metro): 2BD = \$1,682, 3BD = \$2,169. Confirmed directly from HUD's FY2026 FMR Schedule PDF, Florida section, "Panama City, FL HMFA" row (covers all of Bay County). Small Area FMR is not mandatory in this HMFA — confirmed both by the absence of a "+" designation in HUD's FY2026 schedule (used to flag the 65 mandatory-SAFMR metros) and by cross-checking HUD's official Designated SAFMR Areas list, where Panama City does not appear — so standard metro-wide FMR is used.

AMI-based max rent columns (LOW = 50% AMI, MID = 60% AMI): 2BD 50% = \$1,114 / 60% = \$1,337; 3BD 50% = \$1,286 / 60% = \$1,544. HUD's MTSP-specific nationwide income-limits PDF could not be fetched through to the Florida section in this session (file size/pagination). **Fallback used: HUD's own FY2026 HOME Income Limits dataset for Florida** (a different HUD-direct dataset that publishes the same underlying Very-Low-Income/50% and 60% figures for the same HUD Metro FMR Area) — flagged as a different HUD report than the MTSP-specific one, though drawing from the same Section 8 income-limit base. Cross-validated against the University of Florida Shimberg Center's Florida Housing Data Clearinghouse, which matched to within \$1 in every case (the sole difference being a \$0.50 rounding-direction convention). Household size

imputed at 1.5 persons/bedroom (2BD = 3-person limit = \$44,550/\$53,460; 3BD = average of 4-person (\$49,450/\$59,340) and 5-person (\$53,450/\$64,140) limits = \$51,450/\$61,740); max rent = income limit $\times$ 30% $\div$ 12, rounded half-up: 2BD 50% = $44,550 \times 0.30 \div 12 = \$1,113.75 \rightarrow$ **\$1,114**; 2BD 60% = $53,460 \times 0.30 \div 12 = \$1,336.50 \rightarrow$ **\$1,337**; 3BD 50% = $51,450 \times 0.30 \div 12 = \$1,286.25 \rightarrow$ **\$1,286**; 3BD 60% = $61,740 \times 0.30 \div 12 = \$1,543.50 \rightarrow$ **\$1,544**.

Rent gap flagged: 3BD actual contract rent (\$1,613) sits \$168 below the local market average (\$1,781 -- see Section 5), triggering this sheet's underpricing flag. 2BD sits \$64 below its own market average (\$1,515) — close to, but just under, the -\$75 flag threshold, so no flag is triggered, though it's worth watching. Both gaps should be read against HUD's FY2026 FMR, which sits well above both contract rents (\$1,682 and \$2,169 respectively) — a wide spread between contract rent, AMI ceiling, and true market rent that is typical of an older PBRA HAP contract renewed via OCAF/rent-reasonableness rather than pegged to current market conditions.

Built year: 1969, consistent with internal records and independently corroborated by two aggregators (Apartments.com, ApartmentFinder) — though this is aggregator-sourced, not a government-record cross-check. **Amenities:** per the Rent Schedule's equipment checklist, range, refrigerator, air conditioner, disposal, kitchen exhaust fan, and mini blinds are included in-unit; laundry and trash removal and pest control are included services; no swimming pool, tennis courts, or parking are checked. Pet policy and gated status could not be confirmed from any public source and are conservatively marked "No."

2. Sister-Property Check

Macedonia Gardens is the only property in this portfolio's INDEX located in Panama City, FL, so there is no geographic overlap risk with another sheet in this workbook (unlike the Natchez, MS cluster covering Holiday Apts, Village Green, and Walnut Hill). All 10 comps below (4 affordable + 6 market-rate) were individually checked against "Apartment Rental Assistance," "Todd Menowitz," and "Macedonia Apartments, LLC" and show no connection: the affordable comps are managed by PACES Foundation (GA nonprofit) and Royal American Companies (Charleston, SC), and the market-rate comps by five distinct regional/national managers (Arbor Properties, Hallmark, Hillpointe, and one unconfirmed). See Section 1 above for the one ownership-adjacent flag found (the "Macedonia Panama City, LLC" naming coincidence), which pertains to the subject's own ownership chain, not to any comp.

3. Affordable / Income-Restricted Comps

Property	Address	Dist.	2BD	3BD	Units	Built	Notes
Panama Commons	1001 Sherman Ave, Panama City	approx. (a rea-level)	Not Listed	Not Listed	92	2011	Managed by PACES Foundation, Inc. (Smyrna, GA) -- no affiliation with subject's ownership. Income-based rent, not a fixed advertised price; an unverified third-party estimate (\$1,271-\$1,525) was found and disregarded rather than used.
Magnolia Pointe Apartments	2437 E 11th St, Panama City	approx. (a rea-level)	Not Listed	Not Listed	100	Not confirmed	Managed by Royal American Management, Inc. -- no affiliation found. A stale, undated "\$563-813" figure found on one aggregator was disregarded as unverified.
Edgewood Garden Apartments	3325 W 23rd St, Panama City	approx. (a rea-level)	Not Listed	Not Listed	94	1973	Managed by Royal American Companies -- no affiliation found. Closest vintage match to the subject (1969). Unit mix spans 2-4BR; exact 2BD/3BD split not itemized in sources checked.

A fourth candidate, Pelican Pointe (10310 Clarence Rd, Panama City Beach), was also researched and confirmed unaffiliated, but was left out of the final 3-comp set in favor of the two closer/older properties above; available if a fourth affordable comp is wanted. "Not Listed" is the expected outcome for all income-restricted comps here -- rent is tenant-income-based rather than a fixed advertised price, not a research shortfall.

4. Market-Rate Comps

Property	Address	2BD	3BD	Units	Built	Notes
Eagles Landing Luxury Apartments	2870 Harrison Ave, Panama City	\$1,509	\$1,770	252	1993	Managed by Arbor Properties.
Waterstone at Jenks	3502 N Jenks Ave, Panama City	\$1,499	\$1,749	264	2009	Managed by Hallmark; rent shown is the low end of an advertised range.
Arbor Trace Apartment Homes	3900 Arbor Trace Dr, Lynn Haven	\$1,559	\$1,759	336	2007	Managed by Arbor Properties; rent shown is the low end of an advertised range.
Pointe Grand Panama City	723 W 19th St, Panama City	\$1,440	N/A	300	2025	Managed by Hillpointe. Newest comp in the set; no 3BD floorplan exists at this property.
Arbor Landing Mill Bayou	4201 SR 390, Panama City	\$1,519	\$1,729	178	2022	Managed by Arbor Properties; rent shown is the low end of an advertised range.
Exchange at North Bay	3625 Frankford Ave, Panama City	\$1,565	\$1,899	256	2022	Management company not independently confirmed; pricing pulled from a cross-page sidebar module rather than its own dedicated listing page -- flagged as slightly less rigorously verified than the other five.

All distances are approximate area-level estimates rather than Haversine-computed, since the subject's exact coordinates were not independently confirmed against a government record (see Section 1). Panama City, Lynn Haven, and the surrounding Bay County communities are all within a few miles of one another.

5. Benchmark Formulas

FMR benchmark (row 17): HUD FY2026 standard metro FMR for the Panama City, FL HMFA — \$1,682 (2BD) / \$2,169 (3BD), shown flat across LOW/MID/FMR columns for reference. **Market average benchmark (row 18):** 2BD = $\text{=AVERAGE}(M11, M12, M13, M14, M15, M16)$ (\$1,515.17, all 6 market-rate comps), 3BD = $\text{=AVERAGE}(Q11, Q12, Q13, Q15, Q16)$ (\$1,781.20, 5 of the 6 comps -- Pointe Grand Panama City is excluded from the 3BD average since it offers no 3BD floorplan at all). **Current-rent-vs-market-average flag:** 2BD evaluates to -\$64.17, just under the -\$75 flag threshold (no flag triggered, but worth watching). 3BD evaluates to -\$168.20, which triggers this sheet's "LOOK INTO INCREASING THE RENT!" flag.

6. Distance & Formatting Methodology

No comp distances were computed via Haversine — the subject property's coordinates were not independently confirmed against a government record (see Section 1), so all distances are shown as approximate area-level estimates. This sheet was cloned from the La Promesa sheet (the workbook's standard 2-bed-type template), matching the structure used for Jefferson Arms, Walnut Hill, and Marrero 3 earlier in this project. All columns and rows were confirmed visible (no hidden-column or hidden-row defects) before delivery.
