

Rent Comp Review Checklist — Master

ApartmentCorp | All 41 Properties Completed | August 2026

Prepared by: Manus AI

Sources: Apartments.com as primary source; property websites and Zillow only where noted.

Review standard: Every market-rate rent field is populated with a current numeric advertised rent, **Phone Verify**, or **Not Offered**. No blank market-rate rent cells remain.

Portfolio Review Rules

- ☐ Confirm each property is a conventional market-rate comp or has been expressly designated as a rural/thin-market supplemental listing.
 - ☐ Confirm every numeric rent remains currently advertised before each bi-monthly refresh is approved.
 - ☐ Call leasing offices for every **Phone Verify** entry and replace it with the confirmed rent or retain the status.
 - ☐ Confirm each visible summary market-average cell equals the matching benchmark-row value in the workbook.
