APARTMENT CORP

AptCorp Property Reports

Request, file, review, and follow up on property reporting in one secure workspace.

HOW TO USE

Choose your next reporting action

Request a report

Search Delinquency and approved OneSite reports, configure settings, and request every property at once.

Review property reporting

Navigate the current delinquency snapshot, archived reports, and property-level reporting context.

Manager follow-up

Open property checklists with manager contact details, availability notes, and resident balance follow-up.
