ApartmentCorp Rent Comps — 2026-11-04

41-property review checklist

Fresh-source research covers 41 subject-property tabs and 190 existing market-rate rows. Of 499 requested rent fields: **257 verified numeric rents**, **129 Phone Verify**, and **113 evidence-supported Not Offered**.

This is a review draft, not an all-rents-verified report. Numeric rents are advertised monthly base rents, not guaranteed vacancy or telephone-confirmed quotes. Phone Verify includes pricing, identity or eligibility gaps. No stale price, estimate or bedroom proxy enters the averages.

The input is the approved August 2026 formatted workbook. Subject rents, affordable-comp data and HUD/AMI information remain that baseline and were not re-researched. Colors, fonts, widths and merged ranges are preserved. Updated Market Average benchmarks and labeled visible market-average summaries are synchronized. Open and recalculate in Excel: unchanged Difference/recommendation formula caches may be stale or show errors when an average is Phone Verify.

Individual house/duplex supplements without approved apartment-community comparability are retained for review but excluded from numeric averages. No comps were silently replaced. Detailed identity evidence, price quotations, attempted sources and original excluded findings are included in the accompanying audit package.

- [ ] Approve coverage limits and unresolved pricing before using this workbook.
- [ ] Resolve ineligible/unverified comps and any duplicate listing identities.
- [ ] Recalculate and review workbook formulas in Excel.

Eligibility: **unverified**. All observations checked 2026-11-04.

Bedroom	Previous baseline	Current rent / status
2BD	$2,398	Phone Verify
3BD	$3,695	Phone Verify

Sources checked: Source 1; Source 2.

Eligibility / follow-up: Eligibility unverified / replacement recommended: Lake Maggiore is a 330-unit mixed-income community in which 66 units (20%) are workforce housing restricted to 80%-120% AMI (St. Pete Rising, 5/3/2024, same address), and the property publishes a ‘Workforce Housing Program’ page offering ‘apartment homes at reduced rental rates for eligible households’ with AMI-limited waitlisting. Public pricing is expressed as a ‘Total Monthly Leasing Price’ (base rent plus mandatory fees) and varies by lease term (9 vs 15 months), so base rents could not be tied to an unrestricted market-rate unit. The 3-bedroom product is also a 2,416 sf townhome, not comparable in scale to the subject’s 3-bedroom apartments. Historical note (2BD $2,398/3BD$3,695) is not reproducible from current pages; no historical figure was carried into the amounts. Advertised special: up to one month free (not deducted).

Eligibility / follow-up: Duplicate of row 12 (identical 2600 Miccosukee Rd address); appears to be an old/alternate name for The Crossing at 2600 rather than a separate community. Eligibility / follow-up: Carried forward from the baseline as a thin-market proxy (~70 mi from the subject in Natchez), not a real comparable. Baseline row already recorded Phone Verify for both bedroom types with no price, and no current public source can be located. Recommend REPLACEMENT rather than phone verification: substitute an in-market Natchez market-rate community, since an out-of-market Vicksburg property would not be a valid comparable even if identified. No rent was estimated, interpolated or carried over from history.

Sources checked: Source 1.

Eligibility / follow-up: INELIGIBLE - income-restricted/LIHTC community (official site income-limits table; LIHTC registry listing). Both cells are Phone Verify by rule; the historical 2BD $1,430 and 3BD 1,645 figures are excluded from numeric output. Replace with a conventional market-rate community; Ennis 4-bedroom options are LIHTC (e.g., Creekside Terrace 4BR, Breckenridge Village), so a 4BD market-rate comp may not exist in this submarket - document as thin market rather than proxying a 3BD.

4BD	$1,430	Phone Verify

Sources checked: Source 1.

Eligibility / follow-up: INELIGIBLE - do not use as a market-rate comp. Current official evidence contradicts the baseline note 'No income restrictions': every floor plan at Bridgepoint is advertised as 60% Income Restricted under its 'Essential Living' program, with published 60% AMI income ceilings. Historical baseline rents for this row were not found on any current page and are excluded from numeric output (current advertised 2BR restricted rates run $1,343$–1,483). Also note the baseline source was the HUD FY2026 FMR table for Ellis County, a non-community benchmark, consistent with the disclosed thin-market supplement rather than an actual comparable community. Recommend replacing row 13 with a verified market-rate Waxahachie community. Observation date only (2026-11-04); prices/availability change without notice.

Eligibility / follow-up: Ineligible comp: senior-only 55+ active-adult community per both Apartments.com and the property's own site (Zillow tags it 'Senior housing'). All three requested cells are Phone Verify by rule; the historical 1BD 1,795 and 2BD 2,135 must not be

Eligibility / follow-up: Market-rate comp #1 from the historical baseline is NOT a conventional market-rate community on current evidence: Apartments.com applies an income-limits disclosure to this property and lists it in its Odessa low-income/income-restricted inventory (AffordableHousingOnline also classifies it as affordable housing). The baseline note ‘No income restrictions’ was not evidenced (its sourceText was a HUD FY2026 FMR reference, not a listing). Current Apartments.com pricing observed 2026-11-04: A1 1BR 916, $B12BR/1BA900sf1{,}157$, B2 $1,374$, $B31{,}489$, with an ‘Up to 2 Months FREE’ special - base rents only, not used in the numeric output for eligibility reasons. 1BD	$1,704	Phone Verify
2BD	$2,044	Phone Verify
3BD	$2,363	Phone Verify
4BD	Phone Verify	Phone Verify

Sources checked: Source 1.

Eligibility / follow-up: INELIGIBLE - income-restricted/LIHTC community, replacement needed. The baseline note ‘No income restrictions’ is contradicted by the current listing: apartments.com says ‘This property has income limits’, the property description states ‘Income restrictions for both 50% and 60% units’, and affordablehousinghub records it as Park Village Apartments (aka Jasmine Garden), LIHTC, with 162 of 164 units designated low-income. The baseline 1BD $1,704/2BD$2,044 / 3BD $2,363 $values are exactly the AMI - restricted schedule currently published on the listing (and a separate affordablehousing.com page shows a different restricted schedule 1,874-$2,898 with a waiting list), so those figures should not be carried as market-rate comps. Recommend replacing this row with a conventional market-rate Compton community of similar vintage before the next run.

Eligibility / follow-up: DUPLICATE / SELF-REFERENCING COMP: row 15 matches subject row 8 on both name and address (1300 Ridgefield Ave, Thibodaux, LA 70301), and its historical rents (800/900/1000) are identical to row 14 Bayou Reserve's (800/900/1000), which suggests a copy-down error in the baseline. Sources checked: Source 1.

Eligibility / follow-up: Declared baseline source was ‘HUD FY2026 FMR - Gadsden County, FL’, an FMR estimate rather than an advertised rent, so it was not used and the baseline label ‘Market Rate Comp #1: no income restrictions’ is contradicted by current records. Florida Housing 2025 Annual Report ‘State Apartment Incentive Loan Program loans outstanding’ table lists ‘Gadsden / Arbours at Quincy / Quincy / Arbours at Quincy, LLC / 80 total units / 80 set-aside units’, consistent with an affordable community. All three plans are ‘Call for Rent’ on both Apartments.com and the official site, so no numeric rent could be independently confirmed; baseline 880/1295/1625 are historical and excluded. Address nuance: 1880 Pat Thomas Pky is the property address, 1840 Pat Thomas Pkwy is the on-site leasing office for the same community (not a duplicate listing). Replacement needed: a conventional market-rate Quincy/Gadsden County community. Observation date 2026-11-04; availability not promised.

Sources checked: Source 1.

Eligibility / follow-up: Property is 100% LIHTC: affordablehousinghub.org records $^{96}/_{96}$ low-income units, 16 one-bedroom / 40 two-bedroom / 40 three-bedroom, placed in service 2006 with 9% credits; Affordable Housing Online calls it ‘a LIHTC property’; Apartments.com includes it in ‘Low Income Apartments for Rent in Quincy, FL’. Its own website markets ‘Affordable Comfort’ and publishes no rents, while Apartments.com shows 825/945 / $1,125 for 1BD / 2BD / 3BD - restricted rents that were deliberately not converted into market-rate outputs. Baseline rents 845/925/1310 are historical and excluded. Identity problem: the baseline name/address belongs to Signature at Southfield (Shreveport, LA), a different market-rate community 500+ miles away that was not researched as this comp. Replacement needed: fix the row identity to Ochlockonee Pointe and add a conventional market-rate Gadsden County community, since an income-restricted LIHTC property is ineligible as a market-rate benchmark. Observation date 2026-11-04; availability not promised.

Eligibility / follow-up: Comp identity/eligibility remains unresolved (non-community single-unit supplement, withdrawn or off-market listing, or unresolved restricted-program status), so its not-offered finding is withheld rather than asserted; treat this cell as open pending a replacement comparable.

Sources checked: Source 1.

Eligibility / follow-up: Triple Oaks is USDA Section $^{514}/_{516}$ farm-labor housing with project-based USDA Rental Assistance - income-restricted and population-restricted (farmworker households), and therefore also not general-occupancy. That contradicts the baseline label ‘Market Rate Comp #4: no income restrictions, 81 units’; only the 81-unit count and 1993 vintage are corroborated. No plan prices are published, so no numeric rent was produced and baseline 926/1199/1465 are excluded as historical. Identity conflict: the row name/address is Seasons Apartments (Shreveport, LA), a different community that was not substituted. Replacement needed: a conventional market-rate Gadsden County community. Observation date 2026-11-04; availability not promised.

Eligibility / follow-up: RENAMED COMMUNITY / ELIGIBILITY FAILURE - replacement comp needed. Copper Ridge is now Bellaview Apartments and Townhomes at the same address; the property website link on its listing still points to the dead liveatcopperridge.com domain. AffordableHousingOnline (listing verified 2026, updated 07/06/2026) classifies Copper Ridge as Project-Based Rental Assistance affordable family/senior housing, and its posted 1BR/2BR/3BR rents ($725–985) line up with the flat $745/875 prices

currently advertised, which is the pattern of assisted rather than market rents. Note the small address discrepancy in that record (2050 vs 2080 N Lobdell Blvd) - both entries share leasing phone 225-277-3939, so it is treated as the same community; if the HUD assistance contract has since expired, this must be confirmed with the leasing office before the comp is reused. Eligibility / follow-up: Ineligible/replacement needed: the property carries a recorded LIHTC designation (56 of 279 units restricted, 4% bond credits, in service 1990) at the exact comp address, so it is not a conventional unrestricted market-rate comparable. Operator AIR Communities currently markets the community as conventional market rate (no income limits shown on Apartments.com or the official site, and roughly 223 of 279 units are not restricted), so if the reviewer accepts a mixed-income property whose market-rate units are unrestricted, the currently advertised lowest 2-bedroom asking rent observed on runDate was $3,805(MarqueePremier, 2bed/2bath, 991sqft, unit129, availablenow), withtheofficialsiteshowing3,862-$3,882 all-in for the same unit/plan; none of those figures is entered here. Recommend substituting a confirmed conventional market-rate 2BD community in the same submarket. Freshness observation at 2026-11-04 only.

Eligibility / follow-up: INELIGIBLE / REPLACEMENT NEEDED: public records show Broadcast Center is a 4% LIHTC property (56 of 279 units income-restricted, tax-exempt bond financing, in service 1990), so it is not a clean conventional market-rate comp; the historical note 'No income restrictions' is contradicted by current public records. Its cells are therefore Phone Verify rather than verified. Secondary caveat even if eligibility were cleared: AIR Communities publishes only a fee-inclusive single price (mandatory monthly fees on file: SCEP 2.83, $PestControl$3.09, Monthly Service Fee 5.40, $EnergyConservation$9.31, approx. $20.6/mo), so no stripped base rent is advertised. Suggest substituting a verified market-rate 1BD community of similar vintage near 90036 in place of this row.
