

Walnut Hill Tenant Civil-Case Match Summary

Tenant report dated August 18, 2026; Petersburg General District Court public-record review

1 Scope and matching method

This report reconciles the user-provided **Delinquent and Prepaid** report for Walnut Hill, which lists **107 resident accounts** as of August 18, 2026, against the Petersburg General District Court civil records returned for **Granite Walnut Hill** and **Granite Walnut Hill LLC**. Only **exact tenant-name matches** were included. Similar surnames, different given names, and unverified name variants were excluded. [1] [2]

The court search returned **84 property-related civil matters** across five result pages. Nine report tenants matched a court defendant by name, and each matching docket number was then retrieved directly to verify the case information, hearing result, monetary amounts, and enforcement fields shown by the court system. [2]

Use and limitation. This is an operational matching summary, not legal advice and not an official court record. The Virginia court system states that its online data may be incomplete, inaccurate, or updated; the official record should be consulted when an official determination is needed. [2]

4 Record notes

The following matching details were also verified on the court detail pages. **Bradshaw** and **Davis** each show an additional defendant: Jasmine Greene and Damien Murphy, respectively. All other matched cases display the report tenant as the sole listed defendant. The court pages show the plaintiff as either **Granite Walnut Hill LLC (DBA Walnut Hill)** or **Granite Walnut Hill**. Plaintiff counsel displayed as **Sykes Bourdon Ahern & Levy** in the six June 2026 LLC matters; the three January/May 2026 Granite Walnut Hill matters displayed both parties as self-represented.

For all nine dockets, the court detail pages displayed no satisfaction filing date and no appeal date. This means only that such information was blank in the records reviewed; it should not be treated as a conclusion about payment, appeal, possession, or later case activity.
