481(a) Adjustment

- Taken as an “Other Deduction”
 - It is the adjustment in depreciation from the in service date of the asset being adjusted to the last tax year filed as corrected by the Cost Segregation Study. Current year depreciation would be calculated using the allocations found in the Cost Segregation Study.
- If 3115 is applied to the tax return for 2025, then the 481(a) adjustment is the adjustment in depreciation through 2024. 2025 depreciation would be calculated using allocations determined by the Cost Segregation Study.
