

# Work Conversation Report

**File:** ROSE-REC2\_V2076-06-10-14-45-44.WAV **Actual Date/Time:** July 10, 2026 ~2:45 PM  
**Duration:** 60 min recorded (active content: ~13 min; remainder silent) **Participants:** Brandon + Ethan **Destination:** Ethan folder

---

## Summary

A casual office afternoon between Brandon and Ethan. The first 2.5 minutes are silent (recorder running in pocket/desk). Active conversation begins around 2:25 PM with Ethan flagging a narratives/vacancies duplication bug he found in the property management system, then escalates to light office banter: Brandon's tank top, Santiago working out, Robert being jacked, Mark's janky watch packaging, Air Tags for Hanon (Brandon's dog), and a Jurassic Park / The Rock movie tangent. Conversation ends around 13 minutes in; the remaining ~47 minutes are silent.

---

## Speaker-Labeled Dialogue

[2:25] *Ethan*: "Sure." [2:38] *Ethan*: "Okay, yeah, I'll make sure to put in — not more narrative issues. Even more relaxed, right?" [3:13] *Ethan*: "Don't ever do that again." [3:17] *Brandon*: "What?" [3:18] *Ethan*: "You're not allowed to wear a tank top. 'Cause now it's — closer and closer to the weekend — now it's fucking you and this motherfucker." [3:25] *Ethan*: "And then this dude's starting to work out too." [3:28] *Brandon*: "Oh, did you get the watch yesterday?" [3:29] *Ethan*: "Yeah, you got a watch." [3:30] *Brandon*: "You opened it?" [3:30] *Ethan*: "Well, he said to 'cause I said — he said, 'Oh, grab it,' and I grabbed it. And remember I showed you? I was like, 'That's janky packaging.' He's like, 'Mark, he will open it up and wear it.' And then I told him, I was like, 'Hey man, just FYI, it's kind of janky packaging.'" [3:44] *Brandon*: "Like, it's kinda..." [3:44] *Ethan*: "I said, 'It's wonky packaging.' He's like, 'Oh dude, open it up and make sure the watch is good,' so I opened the watch." [3:51] *Ethan*: "He's like, 'Even this is janky.'" [3:53] *Brandon*: "It looks fine, though." [3:56] *Ethan*: "It was bubble wrapped and like — you'd think that they would, like, put a fresh bag. Or in a box where it's, like, held." [4:00] *Brandon*: "But Mark's come that way. Which is usually in a smaller box so it can't rattle around." [4:04] *Ethan*: "Um, but yeah, you with the tank, this dude — uh, Santiago's working out, and he's fucking — Robert's already jacked. You gotta work out." [4:12] *Brandon*: "I haven't worked out in, like, nine months. I'm about to get back at it." [4:15] *Ethan*: "Well, still, you're pretty — it's the metabolism — pretty fit." [4:23] *Ethan*: "Um, just FYI, Mark just found an issue, and I looked into it, and — okay — it is here. I'm CC'ing you on the email, but just so you know. So I guess Mark had them add a feature that I wasn't aware of that might be worth while re-charging — where

when you submit the narratives, they have to input vacancies, and those vacancies then go over to the board, right? They go into the vacancies.” [4:43] *Brandon*: “Yeah, that’s not bad.” [4:43] *Ethan*: “So Pelican just went up by a bunch, but I couldn’t get a hold of her. But Gates — I talked with Natasha and Lynn. Natasha is the only one who puts them in usually, which has already raised red flags ‘cause I saw Lynn’s name in here.” [4:58] *Brandon*: “Okay.” [4:58] *Ethan*: “So what it’s doing is — when she put the vacancies in on her narrative, it then put them in on the vacancy report, but they’re duplicates.” [5:08] *Brandon*: “Oh, adding.” [5:09] *Ethan*: “So she only had 12. So that’s trying to pull — and so really it should only be 12, so this is the cause of it. I’m gonna talk to her.” [5:16] *Brandon*: “Hey, Danielle, just a quick note. I’m not trying to create—” (*Brandon sends an email/message*) [9:35] *Brandon*: “Hey, Ethan? Do you happen to have a like Sunwear repair kit? A little bitty tiny screwdriver.” [9:46] *Ethan*: “I would — if you’re referring to the tiny screwdrivers, I have those. ‘Cause I brought one up here, but I guess I took it home. I got these little Air Tags for Hanon and myself.” [9:51] *Brandon*: “Okay. So — take a few. And then we have this too.” [9:59] *Ethan*: “You have to like just do the... So — that’s perfect — check it out. We have that, but then I have this.” [10:05] *Brandon*: “Oh, that’s — which is like a — Jurassic Park when he’s like... You know that Airsoft thing or the crane?” [10:13] *Ethan*: “I think of, uh, welcome to the Rock.” [10:16] *Brandon*: “To the what?” [10:17] *Ethan*: “Uh, you know, Sean Connery and Nicolas Cage in The Rock — and they finally get to Alcatraz, and he’s like, ‘Welcome to the Rock.’ It’s like — oh, I guess that’s also English. But because they do the thing where it has the giant green, the like... Have you seen the movie?” [10:34] *Brandon*: “Yeah, of course I did.” [10:36] *Ethan*: “So they have all the missiles that are chemical warfare — and it’s like Nicolas Cage is the chemist. And he, like, pulls it out slowly — and it smokes, and it has all the bubbles — and then he, like, rotates it and — all that — and it reminds me of that.” [10:52] *Brandon*: “It reminds me of that, you know, the fat guy, and he gets sprayed by the velociraptor in the first Jurassic Park, and he’s got that shaving cream can.” [11:00] *Ethan*: “No, it’s a Whip It or whatever.” [11:02] *Brandon*: “Oh, yeah, yeah, yeah. The Whip It. Yeah. You know, that keeps those pills or whatever inside of you.” [11:07] *Ethan*: “Yep. Um, but that — if that works, great. If not — this has way more, like, ‘cause it’s double-sided things, so this one — I guess I put the battery in it upside down, so I guess not.” [11:17] *Brandon*: “Well, yeah, that should — you know, like two for eighty bucks — if that works, cool. And if not, we have another one.” [11:24] *Ethan*: “Okay. And we have more. We have also upstairs next to the desk.” [11:28] *Brandon*: “Oh, yeah, yeah, yeah. Right. But you cannot... Right. She’s back until the 20th, I asked.” [11:30] *Ethan*: “Oh, okay. She’s been having the more apartment issues, and I confirmed with Marge just now, and she said — Oh — she said you knew.” [11:42] *Brandon*: “Yeah. FYI. Set her back up with the pace?” [11:45] *Ethan*: “Yeah, like FYI. She said you know.” [11:48] *Brandon*: “Yeah. And he was like, ‘Oh, yeah, I... Yeah, yeah.’ So I was like, ‘You know—’ You gotta put a crack in your office time and his shower time and nap time, but...” [11:58] *Brandon*: “Yeah, I guess I should text Robert ‘cause he’s gonna go up there.” [12:03] *Ethan*: “Don’t ruin his day.” [12:03] *Brandon*: “Yeah, I’ll just text him. I’ll tell him — oh, yeah. Is he gone as far as back yet?” [12:09] *Ethan*:

“Okay, well, they’ll probably fix it on one profile.” [13:11] *Ethan*: “One’s good. What about...”  
(Recording goes silent after 13:12)

## Summary of Topics

| Topic                            | Details                                                                                                                                                                                                                                                                                                               |
|----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Narratives/vacancies bug         | Mark found a duplication issue: when property managers submit narratives with vacancies, the vacancies are being double-counted on the vacancy report. Natasha (Gates property) is the usual submitter; Lynn’s name appeared unexpectedly. Ethan is investigating and CC’ing Brandon. Pelican property also affected. |
| Tank top banter                  | Ethan jokes Brandon isn’t allowed to wear a tank top to the office. Santiago is working out; Robert is already jacked. Brandon hasn’t worked out in 9 months.                                                                                                                                                         |
| Mark’s watch packaging           | Mark received a watch with “janky/wonky packaging” — bubble wrapped, not in a proper box. Ethan opened it on Mark’s instruction and confirmed the watch itself is fine.                                                                                                                                               |
| Air Tags for Hanon               | Brandon is installing Air Tags on his dog Hanon. Needed a tiny screwdriver; Ethan provided one from his repair kit.                                                                                                                                                                                                   |
| The Rock / Jurassic Park tangent | Triggered by the tiny screwdriver tool resembling a chemical warfare device from The Rock (Sean Connery / Nicolas Cage). Also compared to the Whip It shaving cream can from Jurassic Park.                                                                                                                           |
| Staff absence                    | Someone (“she”) is back until the 20th; had apartment issues; Marge confirmed Brandon was already informed. Brandon plans to text Robert about it.                                                                                                                                                                    |

---

## Notable Moments

- Ethan’s tank top comment: “*You’re not allowed to wear a tank top. ‘Cause now it’s fucking you and this motherfucker.*” — referring to Brandon, Santiago, and Robert all being

fit/working out, apparently creating some kind of office dynamic.

- Ethan on Mark's watch: *"He's like, 'Even this is janky.'"* — Mark received a watch (gift? purchase?) with poor packaging and still commented on the quality of the packaging after Ethan opened it per his instruction.
- Brandon on working out: *"I haven't worked out in, like, nine months. I'm about to get back at it."*
